Practical No. 06

Q.1] Design five additional test cases for passenger detail and payment modules.

Test Case ID	Objective	Steps / Input	Expected Output	Actual Output	Status
TC_RRS_007	Validate passenger age below minimum limit	Name: Rahul, Age: 2	Error message displayed: *Invalid age*	Error message displayed	Pass
TC_RRS_008	Validate mandatory passenger name field	Name: "", Age: 30	Error message displayed for missing name	Error message displayed	Pass
TC_RRS_009	Validate payment with valid card details	Card No: 4111 1111 1111 1111, Expiry: 12/27, CVV: 123	Payment successful and ticket booked	Payment successful and ticket booked	Pass
TC_RRS_010	Validate payment with expired card	Card Expiry: 05/22	Error message: *Card expired*	Error message displayed	Pass
TC_RRS_011	Validate payment failure handling	Complete booking → Payment gateway timeout	Proper failure message and booking not confirmed	Amount deducted but ticket not generated	Fail
